

February ABYC Membership Meeting

The ABYC Laser Fleet is hosting the **Friday evening February 17th** General Membership Meeting. A tasty buffet dinner is on the menu and after dinner, our speaker is; Mr. Scott Culver, Tugboat Captain with FOSS Maritime. Mr. Culver will speak to us about how FOSS Maritime manages the shipping traffic in Long Beach and Los Angeles harbors. Being a sailboat owner, Mr. Culver has a unique perspective on how commercial and pleasure traffic interacts in our waters.

This presentation should prove very interesting to ABYC sailors and our guests. This membership meeting is on the eve of the 2012 SCYA Midwinter Regatta. So make plans for your crew and friends to join us for dinner and more.
